Hi Erica,

It didn't occur to me that I could probably send this to you too (since Pat has an out of office this week). Enjoy!

Great! Memo format indicating the treated drinking water meets standards please, and you can address it to me.
Thanks.

We could provide a statement that treated water for both systems meets MCLs. To whom and what form would you like it in?

Hi Todd,
 EPA would like a brief statement from MDH that the Edina and St. Louis Park municipal wells meet MCLs and are safe. Is this something you would be able to provide?
 Jen
